Technical Data

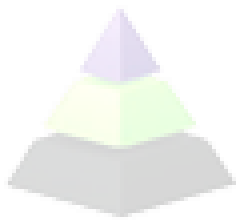

Carrier	PVC-Quartz
Thickness	0.75mm
Adhesive	water Acrylic
Initial tack (#)	≥ 2
Holding Power (h)	≥ 18.09
180° Adhesion to steel	$\geq 7.92\text{N}/25\text{mm}$
Tensile Strength	≥ 50
Elongation	≥ 360

Common Temperature	0-80°C
Core Diameter	76mm
Width	5cm
Length	5m/10m

Packaging

Size Rolls per carton

5cmX5m	72
5cmX18m	24

Other rolls widths/lengths available on request.
